- Water treatment
- Pulp and paper
- Steel and metals
- Transmission lines

CAR

- Healthcare Facilities
- Retail Facilities
- Office buildings
- Hotels and Resorts
- Airports
- Stadiums and Arenas

Civil Infrastructure

- Roads
- Railways
- Bridges
- Tunnels
- Pipelines
- Urban Infrastructure

LIU Construction Features

- Leading market capacity - \$150 million Probable Maximum Loss (PML)
- All risk coverage including testing and commissioning
- Specialists in complex long-term projects
- Manuscript wordings
- Quota share capacity on a lead basis
- Delay in start-up / Advance loss of profits
- Strategically located global engineering capabilities

The LIU Difference

- **Industry expertise.** Work directly with an experienced team of dedicated construction underwriters, claims professionals and risk engineers who understand your clients' business.
- **Significant capacity.** Up to \$150 million PML in-house capacity, with the ability to write 100 percent, quota share or excess policies, depending on the type of risk.
- **Extensive coverages.** All risk coverage basis including delay in start-up, testing and commissioning, interim operations, and natural perils.
- **Global presence.** Worldwide underwriting and engineering capabilities, combined with global claims expertise addressing complex aspects of projects.
- **Financial stability and security.** Backed by Liberty Mutual Insurance (rated A by A.M. Best).

Liberty International Underwriters is the marketing name for the broker-distributed specialty lines business operations of Liberty Mutual Insurance. Certain coverage may be provided by a surplus lines insurer. Surplus lines insurers do not generally participate in state guaranty funds and insureds are therefore not protected by such funds. This literature is a summary only and does not include all terms, conditions, or exclusions of the coverage described. Please refer to the actual policy issued for complete details of coverage and exclusions.
